## From our Directors

### ***Greetings!***

It's hard to believe that by the time you receive this newsletter the first month of 2017 will be history. Time sure seems to be moving faster than ever before.

We enjoyed a blessed and very profitable Adventist Ministries Convention. We were glad to see so many of you, and missed those of you who were not able to make it. In particular, we appreciated the two-part seminar on forgiveness presented by Dr. Everett L. Worthington, Jr., professor of psychology at Virginia Commonwealth University in Richmond, Virginia. His message, the practicality of the presentation, and the illustrations made this difficult subject very simple to understand and hopefully to put into practice. These seminars were recorded and we will send out a link as soon as it is posted in the Adventist Learning Community as we're certain you will want to share this valuable information with your ministry networks. We hope those of you who were there also found the seminars useful and the advisories helpful.

We now prepare for the month of February and the several couples' retreats at which we will be presenting. Our guess is that many of you will probably be doing the same in your conferences. We pray these events, and everything you do, will receive God's approval and richest blessings. As always, please let us know how we may be of service to you.
